

Self-adhesive caps

Product Data Sheet (PDS)

last modified: 2025.05.06

1. Product Characteristics

→ **Self-adhesive caps** are made of polyethylene film coated with pressure-sensitive adhesive and a cellulose-based paper used as adhesive backing protection.

2. Material Composition

polyethylene film: up to 80%, pressure-sensitive adhesive: up to 5%, cellulose paper: up to 30%

3. Technical Parameters

not applicable

4. Application/Functionality

the caps are used to cover uncoated surfaces (e.g. cut or drilled areas); they serve as a self-adhesive finish for lamellas 12×27

5. Assembly Method:

before assembly, read the safety instructions (8);
thoroughly clean and degrease the surface where the cap will be applied, peel the cap off the blister, position it correctly, and press firmly in accordance with the → [Assembly Manual](#)

6. Storage and Transportation

keep product packaging tightly closed and store at temperatures between 0–25°C in well-ventilated areas; protect from direct sunlight, heat sources, and ignition sources; do not store near electrical devices, or together with food or animal feed; after use, carefully seal any opened packaging

7. Usage Recommendations

do not use chemical agents to remove dirt or stains; intended for indoor use only; protect sunlight, heat sources, and ignition sources; when securing the product (e.g. during renovation or painting), use only standard painter's tape, which must be removed within 24 hours

8. Safety Instructions

this product is not a toy – keep out of reach of children; assembly should be carried out only by adults or under adult supervision; wash hands thoroughly with soap and water after contact with the product; do not eat, drink, or smoke during assembly or use; do not use or store near ignition sources or electrical devices or together with food or animal feed; **caution:** the product contains small parts that may pose a choking hazard; follow general health and safety guidelines and read all safety instructions provided in this document before use

9. Interaction with Other Products

not applicable

10. Impact of Other Products on the Item

not applicable

11. Additional information

The products covered by this PDS comply with European Regulation **REACH No. 1907/2006** and do not contain substances listed as SVHC (Substances of Very High Concern) candidates.
