

Mounting legs

Product Data Sheet (PDS)

last modified: 2025.05.07

1. Product Characteristics

→ [Mounting legs](#) are composed of three parts: the head, the body, and the foot. The height adjustment is achieved by rotating the foot, which moves within the body via a trapezoidal thread mechanism. The body is pressfitted into the head.

2. Material Composition

body: aluminum, foot/head: polypropylene (homopolymer), metal screws (for mounting the legs)

3. Technical Parameters

• body diameter [mm]	50
• height adjustment range [mm]	0-20
• mounting leg height [mm]	100-120
• maximum load capacity (using 2 mounting legs) [kg]	40

→ [Technical Drawing](#)

4. Application/Functionality

the mounting legs are a complementary product for all → [partition walls](#) manufactured by Mixpol Profile Sp. z o.o., including Spatial Walls, Louvered Walls, and Decorative Shelf Unit

5. Assembly Method:

the mounting legs are attached using four metal screws, which are supplied with the product; the assembly diagram is provided on the product label and in the → [Assembly Manual](#)

6. Storage and Transportation

keep the product packaging tightly sealed and stored at the recommended temperature of approximately 20°C; protect from frost, moisture, UV radiation, and direct sunlight; do not store together with: foodstuffs and animal feed, explosives, flammable or oxidizing solid and liquid substances, or radioactive materials

7. Usage Recommendations

do not use chemical cleaning agents for cleaning; use the product indoors only, and protect it from moisture and high temperatures

8. Safety Instructions

this product is not a toy – keep out of reach of children; assembly should be carried out only by adults or under adult supervision; **caution:** the product contains small parts (mounting screws) that may pose a choking hazard, as well as sharp edges and corners; follow general health and safety guidelines and read all safety instructions provided in this document before use

9. Interaction with Other Products

not applicable

10. Impact of Other Products on the Item

not applicable

11. Additional information

The products covered by this PDS comply with European Regulation **REACH No. 1907/2006** and do not contain substances listed as SVHC (Substances of Very High Concern) candidates; the products **are not construction products** and are not subject to the **Directive 305/2011**.

The information provided in this Product Data Sheet (PDS) aims to ensure the correct use of the product, but it does not form the basis for the manufacturer's legal liability, as construction conditions remain beyond their control. Mixpol Profile reserves the right to change the content in subsequent editions of the PDS without prior notification to recipients. The manufacturer also reserves the full right to modify their products as part of their technological development.
